| Color: | perlgrau |

A third needle that can temporarily hold stitches is often missing when knitting necklines, sleeve cut-outs, or complicated cable stitch patterns. For this, Prym offers a set with two auxiliary needles 2.5 mm and 4 mm thick. These nails with a classic, grey colour tone are made of robust aluminium and have a perfectly-smooth surface. They are the ideal knitting aid for knitting scarves, caps, and pullovers with cable-stitch patterns and anywhere a third needle is needed.
