Product information

Patches Veloursleder

Art.Nr.: patches_veloursleder / Brand: Prym

Sales unit:	1 Paar
Item measurement:	10x14 cm

The oval patches in fine velour leather to sew on are ideal to hide worn patches at elbows or knees, but they are also popular as fashionable motifs on pullovers, blazers and jackets. They also protect the elbow area, which gets heavy wear and tear. The holes for the seam are pre-punched to make sewing the patches on by hand especially easy.
