Crochet hook for wool NATURAL

- High-quality NATURAL crochet hooks for wool
- Smooth, stable aluminium hook
- Pleasant warm feel of the wooden handle
- Plastic-free packaging

When you crochet with the classic NATURAL crochet hooks for wool in the gauges 2.0 mm to 5.0 mm, you discover their wonderful advantages. You will find their smooth, stable aluminium hook, which allows the wool to glide gently and effortlessly, particularly impressive. The quality workmanship of the wooden handle, which comes in natural tones, offers a pleasant warmth and the handle has a very smooth surface. This shape of the handle is typical of Prym and is based on the

Product information

tried and tested shape of the Prym soft handle. This product is not only good to look at, it is also pleasant to work with: Our crochet hook for wool completes the high-quality NATURAL range of circular knitting needles, double-pointed knitting needles, single-pointed knitting needles and Tunisian crochet hooks. Like all the items in our premium NATURAL range, it is made from sustainable wood and delivered in plastic-free packaging - in keeping with the value we place on sustainability.
