Product information

Tunesische Häkelnadelspitze

Art.Nr.: tun_haekelnadelspitze_ww / Brand: Prym

Sales unit: 1 St

The Tunisian crochet technique produces items with unique patterns that appear woven. It is an ancient technique with a fresh look that is now used for inspired new works of art from cushions to blankets, scarves to table cloths and pot cloths. This requires a special, Tunisian crochet hook. The matching Tunisian crochet hook points from the NATURAL series can be combined as needed with each different length of plastic cords. The noble crochet hook for wool points are made of fine grain, glazed wood and fascinate with a pleasant, warm feel. The surface is smoothly polished - the transition between shaft, sleeve and cable is absolutely resistance free. Every plastic-free pack contains a Tunisian crochet hook. Cords are available separately.

- Wonderful results that look woven
- Crochet hook points made from sustainable wood
- Any combination with different lengths of cords
