Product information

Perlgarn Stärke 8

Art.Nr.: perlgarn_10g_mb / Brand: Anchor

Sales unit:	10 g
Material:	100% Baumwolle
Item measurement:	Stärke 8

With its incomparably silky appearance, pearl cotton is a mercerized, 2-ply, lightly twisted yarn that is primarily used for Hardanger embroidery. Due to its even stitching pattern, this yarn is also popular for cross-stitch and other counted embroidery.

In some countries, Anchor pearl cotton is also used for free embroidery and colorful embroidery. The thicknesses in ball form are also often used for delicate crochet projects. Anchor pearl cotton is made from extra-long Egyptian cotton fibers and is available in a wide range of yarn thicknesses in skeins or balls.

Product information

Depending on the yarn thickness and presentation, Anchor Perlgarn is available in brilliant solid and ombré colors, as well as colorful multicolor shades.
