Product information

Stranded Cotton Mouliné 8 m

Art.Nr.: mb4635000 / Brand: Anchor

Material:	100% Baumwolle
Sales unit:	8 m

Sticktwist

Anchor Sticktwist is a 6-strand embroidery thread made from top-quality, extra-long Egyptian cotton fibers. Each of these 6 individual strands is double-twisted. The practical packaging of the skein allows you to easily pull out the desired length of thread without having to unwind the entire skein.

Thanks to its flexible thread count, Anchor Sticktwist is the most widely used embroidery thread with a wide range of applications in almost all embroidery techniques. It is ideal for cross-stitch on fabrics of varying densities, as well as for color embroidery, canvas embroidery, and other counted embroidery techniques.

Product information

This thread gets its special sheen, intense luster, and unique softness from the long Egyptian cotton fibers and a double mercerization process. Anchor Sticktwist is available in 8-meter skeins in beautiful solid colors (washable at 95 degrees) as well as vibrant multicolor shades (washable at 60 degrees).
