Anchor Lamé is a 12-strand, separable metallic embroidery thread that is usually used in combination with Anchor Sticktwist to achieve additional shine effects. Anchor Lamé consists of a blend of viscose and polyester metallic and is available in 8m skeins. It can be divided into 12 individual strands, depending on the desired intensity in your embroidery. Anchor Lamé can also be used on its own and has a wide range of applications in cross-stitch embroidery, free embroidery, and gold embroidery.
