Product information

Stranded Cotton Mouliné Multicolour 8 m

Art.Nr.: mb4615000 / Brand: Anchor

Material:	100% Baumwolle
Sales unit:	8 m

Anchor Sticktwist is a 6-ply embroidery thread made from extra-long, top-quality Egyptian cotton fibers. Each of the 6 individual strands is twisted twice. The practical design of the skein allows you to easily remove the desired length of embroidery thread without having to unwind the entire skein.

Thanks to its flexible thread division, Anchor Sticktwist is the most widely used embroidery thread with many applications in almost all embroidery techniques. It is ideal for cross-stitch on fabrics of varying densities, but also for colorful embroidery, canvas embroidery, and other counted embroidery.

The long Egyptian cotton fibers and a double mercerization process give this thread its special sheen, intense light reflection, and unique softness. Anchor Sticktwist is available in 8m skeins in beautiful solid colors (washable at 95 degrees
