Our Patches – Easy to Apply & Wonderfully Versatile

All our patches are designed to be ironed on effortlessly, making them perfect for decorating clothing, bags, cushions, and more. They're also great for crafting and decorating projects – simply glue them on for a quick and creative touch.

If ironing isn't suitable due to the fabric (e.g. nylon), the patch can easily be sewn on instead. This makes them incredibly versatile and ideal for a wide range of ideas, occasions, and creative uses.
