Aeroflock is a soft, fluffy looper thread for the overlock machine. Ideal for elastic seams on underwear and lingerie, sportswear, swimwear and gym wear. Perfect as an overlock thread for wool and knitted fabrics. Also ideally suited for decorative seams. Very high elasticity and excellent sliding properties. Guaranteed durability, including with frequent washing and exposure to stress. Disruption-free sewability, even on sophisticated multiple overlock machines.
Oeko-Tex® certified and manufactured in Germany in compliance with the most stringent quality guidelines. Miniking spool with practical snap-on groove that secures the thread into place when it is not in use.
