addiNature Walnut Wood Wool Crochet Hook

Its dark color and the natural matt surface make the walnut wood a real eye-catcher. The noble and dimensionally stable wood convinces with its grip. The handle of the walnut crochet hook is finished with a high-quality wax.
The handle of the addiNature walnut crochet hook is triangular with rounded edges and stucture. The movement of the needle causes a massage of the hands while crocheting. Combined with the warm feel of a wooden handle, crochet will also crocheters with arthritis or other diseases of the hands and muscles at their expense, because the new needles fit comfortably in the hand and can be held effortlessly.
