Product information

Strumpfstricknadeln

Art.Nr.: ww2222 / Brand: Prym

Material: Bambus

A significant trend is emerging towards knitting gloves, caps, and socks using natural materials, and rightfully so. The double-pointed knitting needles crafted from lightweight bamboo offer a snug fit in your hand, flexibility, and enable effortless knitting for extended periods. Their tips are designed to effortlessly grasp stitches. The sleek surface of the needles ensures stitches glide smoothly, preventing them from slipping off. Needle sizes are clearly printed in the center for easy reference. Sustainability is at the core of material selection, manufacturing, and plastic-free packaging. Chinese bamboo, sourced through environmentally-friendly processes, grows rapidly, ensuring minimal environmental impact. Moreover, the natural composition of these double-pointed knitting needles renders them ideal for allergy sufferers.
