SEEKNIT Shirotake Jackenstricknadeln im Set

Art.Nr.: jackenstr_seeknit_shiro_set / Brand: Seeknit

Length:	23cm
Material:	Bambus

We are sure you'll enjoy this Seeknit Shirotake bamboo knitting needle set in a stylish storage pouch for many years to come! The Shirotake knitting and crochet hooks by the Japanese family business Kinki Amibari are made with natural-coloured and sustainable bamboo. The needles are smoothly polished with natural plant wax, which not only gives them a brilliant shine, but also feels wonderfully soft. The stitches glide on and off the needle extremely smoothly. The bamboo needles have a pointed tip and the size is clearly visible and laser imprinted on the needle. The cotton storage pouch features two rows of transparent pockets (12 x narrow pockets on the front, 6 x wider ones at the back), which not only fit the single-pointed knitting needles in this set, but can also store crochet hooks or double-pointed knitting needles. The storage pouch is made from pure cotton and PVC, closes with tie straps and is available in 3 different colours/designs.

Once folded three times, the pouch measures 26 x 14 x 3cm, making it easy to carry with you on the go. Once unfolded, the
