Product information

Lantern Moon’s single point knitting needle is handcrafted, using Ebony wood, one of the world’s most valuable materials. It’s single point needle’s liquid silk finish is warm and easy on the hand and the project. Like all the Lantern Moon knitting needles, they work with all types of yarn exceptionally well, with no snagging or splitting of the fiber. The smooth glide along the needle’s length adds to the rhythmic pleasure of knitting. If you are an experienced knitter, we are confident that you will think these are one of the best single point needles you have ever used. If you are a new knitter, you are in for a smooth ride when you knit with Lantern Moon single point needles. Either way, we think you will agree this is one of the best single point knitting needles on the market.
