Product information

Do you need added stability when punching and riveting with the Vario Creative Tool? No problem – the separately available table clamp ensures a stable hold of the tool on the tabletop. At the back of the tool there is an opening where you can attach the table clamp. Now just turn back the adjusting screw and the Vario Creative Tool is firmly fixed to the table. Nothing slips anymore and the focus is on the creative work.

- Accessory for Vario Creative Tool (136-0390903-000000)
- Ensures a stable hold on the tabletop
