Product information

The circular knitting needles set Natural with its different needle sizes and variable cord lengths offers the knitting fan a lot of flexibility. The set consists of 8 needle point pairs of durable wood with a very smooth surface in sizes 3.5 mm to 8.0 mm, 4 cords in 60, 80, 100, 120 cm with two stitch stoppers each and an assembly pin. The length of the cord includes the needle points. By using the stitch stoppers the circular knitting needles can be used as single pointed knitting needles. The complete set of knitting needles is integrated into a cotton pouch with interior zip pocket. The colour combination petrol green and beige emphasizes the natural and sustainable character of the circular knitting needles. The cords and accessories can be stowed in the interior zip pocket – perfectly practical both for home or out and about.
