Product information

Whenever fabrics, lace, appliqués, braids or zip fasteners need to be adhered, pins do not necessarily need to be used for affixing. It is much quicker to adhere by hand with a glue stick. This fabric-friendly adhesive can be fully washed out after use and does not leave any residue. This makes the glue stick a practical aid when working on the sewing machine and sewing workstation. The glue stick contains 21 g and has a plastic-free packaging.

- Glue stick for temporary adhesion
- Solvent-free and odourless
- Washable without residue
