Product information

The versatile Textil+ Adhesive glues fabrics, leather, rubber, wood, metal and PVC. This fabric adhesive can be used to repair tents or air mattresses and adhere seams and strap seams to fine and firm fabrics. This adhesive is solvent-free and becomes transparent after hardening; it is washable at up to 40 degrees. If necessary, it can be easily dissolved as well to make corrections to a strap seam that has already been adhered with an iron and can be adhered again. This universal adhesive is available on a card with a 13 g tube and a 30 g tube or in a box in a 110 g tube.
