Poppy consists of 50% superfine alpaca, 15% merino wool, and 35% cotton. The fibers are blown into a cotton stocking, which gives a soft and light garment.

Hadley is an oversized jumper with a European shoulder. It is knitted from neck down, so you can adjust the length of the bodice and sleeves to suit you. The Philipe cozy sweater for children is a wonderful raglan sweater that suits boys as well as girls.

Happy knitting!

SandnesGarn magazines are only available in combination with the yarn qualities and should not be sold individually to end customers.
