Carita D is a part of the Carita series, a collection of practical needle cases, which can be used alone or collected together in the Carita folder. Carita D is spceifically designed to hold your interchangeable knitting needles and the wires for them, in one practical page.

This sophisticated leather case is handmade in buffalo leather, which ensures a product that will last and age with beauty. The case has two metal rings on the side, which enables you to fasten it in the Carita folder. A truly versatile bit of storage for your knitting tools.
Bring along just the page you need for your project or carry your entire collection at once - the choice is yours.

It holds interchangeable needles in size 3 mm to 7 mm as sets or up to 10 mm needles if you use the larger needle pockets for a single needle each.
