Product information

Nähkoffer Vario

Art.Nr.: 136-0612840-000000 / GTIN: 4002276128408 / Brand: Prym

Item measurement:	26x24x11 cm
Color:	lila/silber

Product information

Function meets colour – the VARIO sewing case is perfect for storing a variety of sewing utensils. The flexibly adjustable MDF grid elements allow the sewing box to be customised to meet your specific needs and tools. Three inner compartments on the lid, secured with Velcro, provide space for small accessories. The adjacent narrow zip pocket offers additional practical storage. The modern design is another highlight: a light lilac tone paired with a dark one creates a striking colour combination that makes the sewing box a real eye-catcher. The short carrying handle makes the nylon sewing case a stylish and comfortable companion.

The VARIO Creative Tool – an all-round tool for attaching non-sew items – fits perfectly in the sewing case. There is also ample space for accessories such as tool sets, eyelets, rivets, and press fasteners in the VARIO sewing case from Prym. Thanks to the flexible dividers, utensils for other needlework techniques can also be stored in this thoughtfully designed box.
