Product information

Koshitsu Curve austauschbare Nadelspitzen

Art.Nr.: kosh_curve_icn_sk / Brand: Seeknit

Material: Koshitsu Bambus

In our pursuit of a more comfortable knitting experience, we have developed interchangeable circular needles with a beautiful, flowing shape. We called them “Seeknit CURVE” because of their elegant shape.
“Koshitsu” is a product that has achieved a smoother surface and longer lasting durability through “high temperature, high pressure treatment” and “impregnation of natural plant wax” developed by our company based on our vast experience over 100 years of history. It is characterized by the apparent density of the needles, the glossy surface, and the slippery feel.
And above all, it is our original lineup that no other company offers.
