Sales unit: 1 St.

Christmas Sweater

Work sweater from neck down in Tynn Peer Gynt.

This is a sweater we originally launched a few years ago. Now we have updated the pattern and fit. This version is knitted from top-down. It has a wider body and sleeves and deeper armholes. Knitting tension and yarn type have also changed. Play around with other color combinations, there are many possibilities here! Happy Christmas knitting!

SandnesGarn magazines are only available in combination with the yarn qualities and should not be sold individually to end customers.
