Novita Aino is the go-to choice for knitters who want to combine beauty with practicality. This blown yarn for knitting contains 55% dreamily soft baby alpaca, 23% high-quality merino wool and 22% recycled polyamide. Made by blowing alpaca and merino wool into polyamide mesh, Novita Aino is a substantial yet wonderfully soft and airy yarn. It lends itself to all types of cable and lace finishes as well as stylishly minimalist garments and accessories worked in smooth stockinette. Novita Aino can be used successfully for all patterns that specify chunky yarn.
