Product information

Walnut Wood Wool Crochet Hook

Art.Nr.: cn_walnut_addi / Brand: addi

Length:	16 cm
Material:	Aluminium eloxiert

Product information

addiNature Walnut Gold crochet hook

The sophisticated, triangular walnut handle with Novel structure is unrivalled in its lightness at approx. 9 grams. The shape of the hook creates a completely new crochet experience, the handle is comfortable to hold and massages the hands while crocheting. The head is also something very special - the utility model-protected shape with a particularly deep throat and pointed head makes insertion and crocheting particularly easy and the golden colour harmonises with the dark walnut wood.

The hand-warm wood and the surface treatment with natural wax create a special hand flatterer. Made in Germany, of course.

Material: Natural walnut handle, gold anodised aluminium hook
