Art.Nr.: 278605_lk / Brand: Pro Lana

Sales unit:	100 g
Material:	63% Polyacryl/30% Viskose/7% Elité
Length:	ca. 400 m

Sockyarn goes sustainable - the super soft and elastic properties of our Bamboo Socks are thanks to the high proportion of bamboo. Not only does it have a deodorizing and antibacterial effect, but it also absorbs a particularly large amount of moisture. Bamboo is a fast-growing plant and consumes only a fraction of the water compared to cotton.
