With myboshi mysocks Merino, you bring the utmost wearing comfort to your knitting projects – and not just for socks! This 4-ply yarn is made from fine merino wool combined with durable polyamide. The blend ensures a pleasant wearing experience, excellent temperature regulation, and high durability – ideal for heavily stressed knitted items like socks, but also perfect for shawls, gauntlets, or delicate accessories.
Why merino for socks?

Merino wool is not only exceptionally soft but also breathable, moisture-regulating, and odor-resistant – properties that make it the ideal material for socks. Thanks to its natural elasticity, it conforms optimally to the foot, remains shape-

# Product information

retentive, and offers an incomparably pleasant wearing experience, even with prolonged use. Combined with polyamide, the yarn becomes additionally robust and durable, so you can be sure: these socks will easily withstand everyday life.
Versatile and high-quality

myboshi mysocks Merino is not only suitable for classic knitting projects but can also be excellently used for delicate shawls, hats, wrist warmers, and loops. With a yardage of 420m per 100g skein, even a single skein is enough for a complete pair of socks (up to size 46) or a lightweight accessory.
What myboshi mysocks Merino offers you:
