Product information

Tresko

Art.Nr.: sg_2101 / Brand: Sandnes Garn

Sales unit:	50 g
Material:	80% Wolle/20% Polyamid
Length:	ca. 105 m

Tresko is a soft yet durable hand-knitting yarn reinforced with nylon, making it ideal for socks and slippers that are used frequently. The inside of the sleeve contains knitting instructions for socks. Tresko is a knitting yarn made from 100% Norwegian wool. Everything, from washing the wool to producing the finished yarn, takes place in our factory in Foss Eikeland in the municipality of Sandnes, Norway.

Garments made from Norwegian wool feel light and comfortably warm. They become even softer after each wear.

Product information

Norwegian wool is durable and pill-resistant. It ensures that garments always look good and retain their shape for a long time. Be considerate of the environment: Wool is breathable and rarely needs washing. Instead, we recommend airing the garment well. Garments made from Norwegian wool are long-lasting and retain their beauty even for generations to come. This means that Norwegian wool contributes to sustainable consumption. Knitting wool is also good for felting.
