Cotton 8/4 is a true classic. A 4-ply yarn made from 100% pure cotton of the highest quality. Probably our best-known yarn and the original speciality product since Mayflower was founded over 70 years ago. Cotton 8/4 is both durable and soft. It is breathable and wicks away excess heat, making it particularly suitable for summer clothing. The yarn is also ideal for knitted and crocheted dishcloths, as cotton is highly absorbent and can be washed at high temperatures. 8/4 cotton yarn is also the preferred crochet yarn for soft toys and other amigurumi.
