Product information

Sock Yarn Jupiter

Art.Nr.: mf_364 / Brand: Mayflower

Sales unit:	50 g
Material:	75% Wolle/25% Polyamid
Length:	ca. 210 m

Sock Yarn Universe is a classic sock yarn spun from high-quality South American wool and durable polyamide. This blend makes the yarn particularly robust and ideal for warm, long-lasting socks that can be easily machine washed.

Please note: if you start at a different point in the pattern for each sock, the two socks will not look exactly the same. However, you can control the stripes and colours by starting both socks at exactly the same point in the print sequence.
