The beloved Novita Nalle product family has a new, delightfully luxurious addition. Novita Nalle Alpakka is a charmingly soft sock yarn that contains 50% warm wool, 30% luxurious alpaca, and 20% durable polyamide. The versatile Nalle Alpakka yarn is suitable for knitwear and accessories and is an excellent sock yarn. All knitting patterns designed for Novita Nalle yarn are suitable for Nalle Alpakka yarn. Approximately 500 grams of yarn is needed for a size M knit. Products made from Novita Nalle Alpakka yarn should be washed at 30 degrees on a wool cycle. The recommended needle size is 3.5 mm, and 3 mm for socks. A 50-gram ball contains 145 meters of yarn. The knitting density is 22 stitches and 32 rows per 10x10cm, depending on the pattern.
