Sales unit:	100 g
Material:	100% Wolle
Length:	ca. 166 m
Farbe:	schwarz

Product information

A sumptuous 100% British Aran wool spun from the fleece of the distinctive Jacob breed. Minimally processed and undyed, the yarn has plenty of unique characteristics within each of the four shades. It offers a soft to medium handle with the substantial Aran weight making it perfect for warm, cosy makes, such as blankets and throws. Jacob sheep have grazed in Britain for centuries, and crafting with this beautiful yarn allows its heritage to shine, while also supporting breed conservation and biodiversity.
