SANDNES GARN

Sales unit:	50 g
Material:	57% Mohair/28% Seide/15% Wolle
Length:	ca. 424 m

Thin Silk Mohair is, as the name suggests, our thin variant of Silk Mohair and is a soft and luxurious blend of the finest mohair, wool and silk. The yarn is thin and very generous in use. If you knit Thin Silk Mohair with one or more threads, you will get a light, airy and luxurious garment. If you use Thin Silk Mohair as a companion thread together with other qualities, you will get an exciting expression and good hold in every garment.

Mohair is wool from the Angora goat. This is a breed of goat that has long, silky, curly wool fibers. Regular wool is added to
