Pro Lana Misté is an exceptional yarn that combines traditional softness with modern yarn technology. The high-quality blend of 75% finest merino wool and 25% durable polyamide strikes the perfect balance: pleasantly light, wonderfully soft against the skin, and yet sturdy enough for everyday use.
Its unique structure makes Misté truly special. Loose, fluffy fibers are artfully wrapped around a sturdy core thread, creating a yarn with a lively appearance and natural depth. The result is a soft, slightly cloud-like look that gives knitted pieces a modern yet elegant appeal.

Thanks to this special yarn construction, Misté also retains its shape and is durable—ideal for sweaters, cardigans, scarves, or hats. The soft merino wool ensures a comfortable feel, while the polyamide content provides the necessary stability and durability.
