| Length: | ca. 100 m |

Pro Lana Vision Color 50 g impresses with its luxurious blend of materials and exceptionally harmonious color gradients. This high-quality yarn consists of 58% merino wool, 25% superfine alpaca, and 17% polyamide, combining natural warmth, exceptional softness, and pleasant durability.

The standout feature is the subtle dégradé color gradient, which transitions gently from one shade to the next. This creates elegant, vibrant color effects that lend depth and a stylish appeal to any knitting project. The harmonious shades look
