Product information

Symfonie Diva Yarn is a premium hand-dyed lace yarn range of luxurious merino silk yarn blend. Designed for knitters who appreciate delicate textures, refined fibers, and graceful drape. With 780 meters (850 yards) in every 100g ball, Diva yarn offers generous yardage ideal for intricate lace projects, elegant shawls, lightweight wraps, and heirloom accessories.

The combination of 75% fine merino wool and 25% silk creates a beautifully balanced yarn that is both soft and strong. Merino adds elasticity and warmth, while silk introduces luminous sheen and fluid drape. Together, they create a luxury lace-weight yarn that enhances delicate stitches and openwork patterns with clarity and elegance.

Whether you are knitting a timeless lace shawl or a feather-light scarf, Diva transforms every stitch into something truly special.
