Just place the parts on your strips and sew. Turn strip fabric into tubes in one go! By attaching tubes together with a simple zig-zag stitch, beautiful rugs, mats, and other home décor items can be created.
- Made of a light weight and extremely smooth plastic resin. Easy and quick fabric feeding.
- Fabric can be double folded in a single operation using both pairs together.
- Can be used to stitch together 2-1/2 in. (64 mm) strips of fabric and batting for making rugs, baskets and more.
- You may use pre-cut batting strips, either 2-1/4 or 2-1/2 in. (57 or 64 mm) wide. If you cut your own strips, use a light weight batting.
