Product information

- Three Prym crochet hooks with a soft handle - specially designed for amigurumi and fine crochet work
- Small hook sizes (2.0, 2.5 and 3.0 mm), perfect for tight stitches
- Soft handle for comfortable crocheting, even on longer amigurumi projects
- Smooth hook ensures an even stitch pattern

Three soft-handle crochet hooks for amigurumi
Little animals, figures or fantasy creatures: The Prym soft-handle amigurumi crochet hook set offers the right crochet hook for every amigurumi project. The small hook sizes included in the set - 2.0, 2.5 and 3.0 mm - are ideal for cotton threads and other fine threads used in amigurumi crochet. Perfect for creating bears, cats, fairies or dragons. When crocheting amigurumi, it’s best to choose a slightly smaller hook size - this creates a particularly tight stitch pattern without any holes through which the filling might peek out.

Soft handle and smooth hook - perfect for even crocheting
The soft and comfortable handles of this high-quality crochet hook set for amigurumi sit pleasantly in the hand without slipping. The end of the handle tapers adapts to the natural grip when crocheting - ensuring comfortable crafting even on longer amigurumi projects. The silver-coloured, burr-free hook glides effortlessly through the stitches. Beginners will find that the Prym soft-handle crochet hooks make it easy to get started with amigurumi crochet. But experienced crocheters will also appreciate the soft-touch surface.
