- Three different sizes of wool needles for sewing amigurumi pieces together and weaving in ends
- Needles with a rounded tip and large eye - suitable for cotton thread, acrylic thread and wool
- Small, sharp scissors for cleanly cutting thread and wool

Set for easily sewing together amigurumi figures
Deer, owl, fox or hare: once your little amigurumi animal is finished, that’s when the Prym amigurumi set of wool needles and scissors comes in handy. In amigurumi, the individual parts - such as the head, body, arms and legs - are usually crocheted separately. The wool needles in three different sizes are ideal for sewing these parts together easily and securely. The wool needles are also suitable for weaving in the starting thread or any other loose ends. The scissors complete the set, making it easy to trim the wool threads.

High-quality wool needles and scissors specially designed for amigurumi
The amigurumi set of wool needles and scissors from Prym contains high-quality tools: The silver-coloured steel wool needles have a rounded tip and glide effortlessly through the stitches without damaging the thread. The large eye makes it easy to thread the wool. The small scissors, made of metal and lime-green plastic, cut with precision. This allows you to trim the ends of threads quickly and safely - for neat results when crocheting amigurumi. The set of wool needles and scissors is perfect for beginners, but will also impress experienced crocheters.
