| | |
|---|---|
| Material: | 47% Wolle/47% Polyacryl/6% Polyester |
| Sales unit: | 50 g |
| Length: | ca. 110 m |

Our high-twisted merino blended yarn from the Woolly Hugs collection is not only remarkably soft thanks to the high-quality merino wool, but also nestles gently against the body thanks to the proportion of polyacrylic and polyester Elité without itching. Due to the large number of twists in the individual threads, your knitted piece will take on an even and unmistakable character at the end. The natural uni colours, which can be combined at any time, also contribute to a harmonious eye-catcher. Knit unique shirts, sweaters, jackets or accessories such as scarves and hats with Merino Stretch, which adapt wonderfully to the movements of your body and are neither limp nor stiff. Your stretch wool for moving knitwear!
