The double-pointed knitting needles made from quickly re-growing Chinese bamboo are renowned for their perfect needle points and their very smooth, comfortable surface. The set contains the most popular needle sizes from 2 mm to 4.5 mm and is thus perfect for knitting with a variety of yarns. The sizes are clearly printed centrally on the needles. The needles are placed in an organised way within the storage pouch. Rolled-up it can be securely stored without needing much space. The colour combination green and beige emphasises the natural and sustainable character of the bamboo needles.
